You always expect something a little better at McKinney's. Why shouldn't you? It's our constant endeavor to know where and how and when to get the absolute best of everything to eat. And for EASTER we've been both forehanded and lucky! From a particularly rich market we've chosen the highest grade things obtainable. They DO "grade 'em" you know. In both quality and good service we feel sure we can offer you something more than mere "satisfaction" for your Easter dinner. May we try? Here are some of the things we'll have ready:

SCRIPTURE STUDY NO. 3.

I ish pa (hic) an' ma. Pa (hic) ish ma an' ma ish pa (hic) an' I (hic) ish pa an' ma an' myself also (hic).

Suppose you should meet a man on the street making such remarks. Your immediate conclusion would be: "He's drunk."

Then suppose you walk another block and hear another man making remarks, in substance, as follows:

God is Christ and Christ is God. God is His own son and Christ is His own father. While on earth Christ prayed to himself, and when on the cross even said to himself: Why have I forsaken myself? After His resurrection He said: touch me not, for I have not yet ascended to myself. On another occasion He said, Myself is greater than I. Once He inquired of His parents: Wist ye not that I should be about my own business?

What is the matter with this second man? Let the Bible answer—Rev. 17:2 and 18:3. (adv.)

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

GERATY'S FROST-PROOF FREE CABBAGE PLANTS

Everyone who has a garden wants Cabbages. They need little space—a foot or so apart—and a garden as "big as a handkerchief" has room for at least a hundred plants. We have just made an arrangement with the biggest Cabbage Plant growers in the country—Wm. C. Geraty Co., Youngs Island, S. C., to furnish us with extra-choice "Frost-Proof" plants, which we are going to give away free. These plants are grown on an island just off the coast, where the brisk, cold breezes of the Atlantic make them tough, hardy and healthy. The big advantage is that you can plant them in the field a month or six weeks earlier than home-grown plants, which means solid heads three or four weeks earlier. These "Frost-Proof" plants are guaranteed to stand a temperature of ten degrees above zero without injury. Geraty's "Frost-Proof" Cabbage plants are harder, better, and worth more than the ordinary plants. We are so sure of this that we agree to refund the full value of the plants—35 cents a hundred—if they are not satisfactory and do not produce earlier and better heads than you grow from other plants—you to be the judge.

Geraty's "Frost-Proof" Cabbages plants will be shipped direct to you from Youngs Island at the proper time for planting in your territory. Send us the coupon with the price of the subscription; we will order the plants.
